

Saturday, September 20, 1879.

The Georgia gold mines are now yielding more than \$1,000,000 in bullion annually. Northern capitalists have invested heavily, and the work of gold mining has taken a new start. The probabilities now are that the yield of bullion will reach \$10,000,000 annually hereafter.

"How to tell bad eggs" is the title of an article in an exchange. When you have anything to tell a bad egg, you must be careful not to break the shell while imparting the information.—Norristown Herald.

The library of the late Caleb Cushing is to be sold in October. It contains a great collection of works of fiction, but they are nearly all in French or Spanish. The only English novels among them are a few of Scott's one of Disraeli's, and "Uncle Tom's Cabin."

Napoleon, though he died an exile, was worth in cash from \$30,000,000 to \$100,000,000, which he had stowed away in Amsterdam, Frankfurt and London. He knew how to rob like a carpet-bagger, and Napoleon III. inherited the stealing proclivity to a wonderful extent, though he did not stow it away with equal prudence. The probabilities are that the Napoleonic dynasty will rob the French no more.

The Massachusetts Republicans have nominated Mr. Long for Governor; Byron Webster for Lieutenant-Governor; George Marston, Attorney-General; Charles R. Ladd, auditor; Henry B. Pierce, Secretary of state; Charles Endicott, Treasurer.

The Tombstone Mill and Mining Company—Whose headquarters are in Philadelphia, have declared a dividend of ten cents per share payable August 11th. The company has a capital of \$5,000,000, in shares of the par value of \$10 each.

## THE CURRENCY QUESTION.

Notwithstanding the fact that thousands of people are at present worrying themselves almost to death over this vexed question, even to the extent of neglecting their business, there are still thousands upon thousands of smart, hard working, intelligent men pouring into the great Arkansas Valley, the Garden of the West, where the Atchison, Topeka & Santa Fe Railroad offers them their choice of 2,500,000 acres of the finest farming lands in the world at almost their own prices. If you do not believe it, write to the undersigned, who will tell you where you can get a cheap land exploring ticket, and how, at a moderate expense, you can see for yourself and be convinced.
